TENDER TEXT

BL Touch Panel RGBW for operating an RGBW wireless control unit, supply voltage 230 VAC, RF 2.4 GHz + DMX512, IP20, L86 x W86 x H33 BILTON LEDON Technology BL Touchpanel RGBW Item 172187 BL Touchpanel RGBW for controlling LED strips with a suitable controller. With a voltage of 230 AC and protection class IP20 . Supports 4-channel operation and can control up to 16 addresses. Multiple zones can be defined for grouping controllers. Additionally, controller grouping and control via scenes are possible. The controller features a Smart Sync function that enables the synchronisation of multiple devices. This allows multiple controllers to be controlled via a central control unit. Each individual controller is first programmed on the control unit; the control commands are then automatically forwarded from controller to controller. Dimensions (L x W x H): 86 x 86 x 33

TOP-FEATURES

//__ Control signal Funk (optional with DMX control)

//__ Supports 4-channel operation

//__ Smart Sync function enables the synchronisation of multiple devices
